Coram:- R. S. MOHITE &

Date:- 2nd July, 2007

P.C.:-

This is a public interest litigation filed by the petitioner. This Court has entertained a letter from the petitioner addressed to this Court. His main grievance in the letter appears to be that the tributary of Mandovi River is being polluted by a public toilet built at Pomburpa village. He states that the toilet has been built by the panchayat and discharges the raw sewage directly into the River Mandovi.

The Advocate appearing for the Panchayat states that the panchayat vide their letter dt.4.6.2007 addressed to the Block Development Authority have passed and forwarded a resolution in connection with the construction of septic tank. Advocate for the respondent no.1 states that said resolution will be favourably considered within a period of six weeks. The construction of septic tank will be taken up on priority basis and the same construction should be completed within a period of four weeks.

All these statements are accepted and in view of the above no further direction is required in this petition and the same stands disposed off.
